Q: What is a Marijuana Business?

A: Marijuana Business means an Adult Use Marijuana Store, Medical Marijuana Registered Dispensary, Medical Marijuana Caregiver Retail Store, Marijuana Cultivation Facility, Marijuana Manufacturing Facility, or Marijuana Testing Facility.

A Medical Marijuana Caregiver Home Establishment or existing permitted Medical Marijuana Caregiver Major Home Occupation are NOT a Marijuana Business under this ordinance. See below for information about licensing and permitting requirements.

Note: License Applications and Pre-Applications will not be available online until September 8, 8AM.

Q: Which operations require a pre-application and have limited licenses available?

A: Marijuana Retail Stores are the only operations that require a pre-application.

All other Marijuana Businesses do not require pre-application and are not part of the limited licenses. However, they do require a separate license for each business (i.e.: cultivation, manufacturing, testing), as well as any required land use approvals from the Planning Board.

Medical Marijuana Registered Caregiver Home Establishments also do not require a pre-application and are also not part of the limited licenses. Medical Marijuana Caregiver Home Establishments have separate license requirements under this ordinance.

Q: Are there limited licenses for a Marijuana Retail Store?

A: Yes, there is a limit of one per allowed Zone. The allowed Zones are C-1, C-2, and C-3 zones.

Q: What process will the Town use to grant the limited licenses for a Marijuana Retail Store?

A: The Town will use a lottery to choose one business in each Zone. To enter the lottery, businesses must submit a pre-application with the Town [here](#).

Note: License Applications and Pre-Applications will not be available online until September 8, 8AM.

Q: When will the Town begin accepting pre-applications for a Marijuana Retail Store?

Q: Can multiple entities submit pre-applications for the same property?

A: Yes, multiple pre-applications will be accepted for the same property. However, only one pre-application will be accepted per unique entity (TIN) for the property.

Q: What happens after I submit a pre-application?

A: The Town will review the pre-application for completeness. The Town will notify applicants of the acceptance of their pre-application or if additional information is required. If there is any missing information or errors, the applicant will be notified and given time to correct, so long as the correction is made and signed off on by the Town on or before October 27, 6PM (the day before the lottery).

Q: How will the lottery be administered?

A: Completed and accepted pre-applications will be assigned a unique identification number. Those numbers will be randomly selected by a third party with no knowledge of the applicants nor which number corresponds to an applicant. Three separate drawings will take place to select one lottery winner for each allowed Zone.

Any license issued will be conditioned on obtaining all required land use approvals from the Planning Board and any required building or occupancy permits.

Q: Will the Town disqualify any applicants if they determine they have an ownership interest in more than one license, even if the entities holding the licenses are different?

A: A business entity may not have more than one Marijuana Retail Store license in Kittery. The Town will utilize the Maine Tax Identification Number (TIN) to ensure compliance.
